Encouraging Reports

Lexington Leader.

The District Board of the Burley Tobacco Society met Tuesday morning at 11 o'clock in the Circuit Court room with twenty-three members present at roll call, not enough to constitute a quorum, but the remaining number came in shortly and the Board proceeded to business.

President Lebus occupied the chair and Secretary J. M. Rankin called the roll. After the preliminaries the members present from each district were requested to report on general conditions in their respective communities as their names were called.

Dr. A. G. Browning returned yesterday from a visit of several days to his son, Mr. C. M. Browning at Cincinnati.

Of course some counties reported otherwise.

Cincinnati Enquirer, June 2d

They will stop at the same hotel in Louisville and occupy the same suite of rooms. They also intend visiting the same theater Monday evening where they witnessed a performance during their honeymoon days.

SHERIFF BROWN

Back in Town—Caught the Flying Circus But Didn't Bring It Home

The chase of Deputy Sheriff Mike Brown and others after "Crawford's Great Southern Show," which jumped several legal attachments here Monday, ended yesterday morning at Cincinnati where Col. Brown nabbed the shooch at that port and was preparing to bring the whole business back home with him when another kick in the law ring-up in the shape of a replevin bond which permitted Mr. Crawford to keep his aggregation intact—minus the Italian Band—until the attachment suite is settled by the Courts (?)

By the rascality of the show officials, Sheriff Brown is in the hole and is holding the bag of trouble until the law comes to his relief, which it surely will.

There are about fourteen attachments against the show amounting to \$300; the largest loss of which is the musical organization of 8 Italians making up the band with the show and which is now stranded in Maysville.

Sheriff Brown should never let up until he beats these fellows, although they are unfortunate this season.

It is said also, that the wagons of the show belong to the International Harvester Trust and are exempt from the master's debts.

So you see there is quite a nest of legal trouble all around.

FOR PRESIDENT,
WILLIAM HOWARD TAFT.

The present Tariff is the best Tariff we have ever had and under it the country has progressed industrially, while labor has attained to a high state of wages.

The farmers are the last people in the world to complain against the high cost of living, for they are the ones who get the greatest benefit from it. It is the products of agriculture that occupy the front seats in the "high cost" bandwagon. The farmers may not get their full share of the present selling prices of farm crops, but they may be sure that they would get more of it if they would organize as other lines of industry have done. And they should remember also that there is a very great difference between the prices they get in 1912 and those they received during the Free-Trade Cleveland administration of two decades ago.—Burton (O.) Leader.

Supporters of Colonel Theodore Roosevelt continue their revolutionary tactics and practically demand that the control of the National committee be turned over to them, in advance of the action by the Chicago convention. A few of them hold or seem to hold that committeemen, representatives of the States alleged to have voted for Mr. Roosevelt, should be admitted to the committee in advance of their election to the office. Everyone who knows anything about the practice of either the Republican or the Democratic party knows that this proposition was never before seriously advanced. The National committee sits as a court to determine the status of the delegates chosen to the Chicago convention. It sits as a court to settle contests. It sits as a court to make up the temporary roll. In advance of this action, there can be no legal record showing the election of delegates to the convention, the making up of the convention or the organization of the convention. To seize this body in advance of the action by the convention itself is the most radical and revolutionary proposition ever proposed in the history of the Republican party. It would be nothing less than political burglary, and no regular Republican who has regard for the rules and precedents of the party organization will endorse or justify it.—Wheeling Intelligencer.

Attempted Political Burglary.

The more we have of the Roosevelt campaign the more difficult it becomes to elect any Republican.—Chicago Inter Ocean.

The Sugar Trust went on serenely violating the anti-trust law and defrauding the revenue while Roosevelt was in office.—San Francisco Chronicle.

As a matter of fact, a woman doesn't hesitate a minute between marrying for money or brains. She is always willing to furnish the brains.—Chicago News.

Uncle Sam is going to make half cents. This money is to be used by the people who have half sense, and any others who wish. The money we now have is good enough for us, and small enough for us too.

The Buffalo News has been delving in the early political history of the country and found in the record the fact that Jefferson, Madison and Monroe were all members of The American Protective Tariff League of New York. It is time the Democratic party ceased claiming that it is a Jeffersonian party.—Marion (Ia.) Register.

Here is what Medill McCormick, the Chicago millionaire newspaperman and Roosevelt boosters, has to remark about the action of the Republican National Committee should it dare to seat anti-Roosevelt delegates:

"Speaking for myself alone, and in no way voicing the sentiment of Mr. Roosevelt or speaking for him, I should say that if the national committee should seat the Taft delegates from the State of Washington that would be a sufficient reason for Mr. Roosevelt to go to Chicago and shoot the roof off the convention hall."

Exit Bill Klair.

Lexington Herald.

"Where was Billy Klair when the light went out?" asks one unregenerate newspaper wag. It is known that he was "sitting in the corner," but we have no definite information as to the rest of it.

That the Hon. Pres Kimball ran into the fence and wound up with a bunch of ugly looking splints on a pair of perfectly beautiful racing legs, is probably due primarily to the fact that he was trying to carry too much weight in the saddle in the shape of the Hon. Billy Klair.

It may take the Hon. Billy Klair a long time to learn, but the Democrats of Kentucky seem determined to graduate him whether he accepts his diploma or not.

BLUE CREEK GUSHER

West Virginia Well Produces 2,000 Barrels Each 24 Hours

Since the review of last week very few sensational features have occurred in any of the leading petroleum districts over the large area covered by the drill to the East of the Mississippi river. Many wells have been completed, but very few were in the gusher class. The most phenomenal output came from the Brown farm well, in the Blue Creek field in Kanawha county, West Virginia, which had a production of more than 2,000 barrels the first twenty-four hours. It is wells of this stripe that attract attention far and wide. The late advances in the price of crude oil have had the desired effect upon the trade, and many new wells are now drilling over the country.

OPPOSITION TO FIELDS

Several Prospective Candidates Mentioned in Ninth Congressional Race

A Carlisle despatch says: W. J. Fields, Congressman from the Ninth Kentucky District, who recently announced for the Democratic nomination for Congress, may have opposition. The election will be held during the month of August under the provisions enacted by the last Legislature. Hon. William Young of Rowan, Chairman of the Ninth Congressional District Democratic Executive Committee, is spoken of as a probable candidate. Thomas Slattery of Mason county, is prominently mentioned, and people who stand close to Hon. Matt Hennessey, Commonwealth's Attorney in the Mason Judicial District, say that he is also considering entering the fight.

Edgar Hager, who was defeated two years ago by Mr. Fields, is prominently mentioned by his friends as a candidate, but has declined to enter the fight.

Maysville Captured Another Game
From Richmond After Some
Fast Work

In a very interesting contest yesterday and in double quick time, the Maysville team tallied one more victory on the scoreboard by defeating Richmond 2 to 1.

Those who saw Fisher at first for the Richmond's realized that he is about as quick as lightning on the sack and the way he caught

Carmony yesterday off the base remained one of the cat and the mouse. Cap Carmony was very much surprised himself.

Weilman was there with the goods, striking out ten men and allowing no free trips to first. Black walked two men, but neither of them scored. Both pitchers were well supported. The feature was the hitting of Clever, Woodruff and Comingore. Maysville has wired for a new third-base man.

The score:
Richmond.....0 0 1 0 0 0 0 0 0 1 x-2
Maysville.....0 0 0 0 0 0 1 1 x-2

Two base hits—Comingore, Clever. Sacrifice hits—O'Connell, Snyder, Munn, Woodruff, Grover. Stolen base—Carmony, Munn, Bramlage. Base on balls—Off Black 2. Struck out—By Black 1, by Weilman 10. Left on bases—Richmond 6. Maysville 7. Double Plays—Murray to Fisher. First base on errors—Richmond 1, Maysville 2. Time—1:30. Umpire—Kane.
